Jessica Kimble

Jessica Kimble is the founder of Sandpoint's Best Lifestyle Magazine, Bonners Ferry Best Lifestyle, and Bronzed by Jessica.

Her work spans publishing and social media, where she believes platforms are powerful — when used intentionally, they become vehicles for visibility, voice, and growth. What began with experience in the industry evolved into building her own platforms from the ground up. Through that journey, Jessica has seen how the right tools create transformation, alignment, and momentum.
